

CCPS Virtual + Elementary Schedules

The [CCPS Instruction Plan](#) is our guidebook for ensuring a comprehensive learning plan which considers the safety and social emotional learning of all students. For the first 9 weeks students will access classes through the [CCPS VIRTUAL+ Instructional Model](#). Below are the schedules for preschool through 5th grade which allow for both synchronous time (teacher-led instruction) and asynchronous time (independent student work). Time for resources (PE, music, art, and library), movement, and lunch are also included in the virtual school day. Students will follow the schedules 4 days a week (Monday, Tuesday, Thursday, Friday). Wednesdays may consist of remediation support for selected students and/or asynchronous activities assigned by the teacher. While a regular elementary school day ends at 3:45pm, within the virtual schedule students will have flexibility to complete asynchronous activities as their family schedules permit.

Preschool

Content	Time	Learning Activities
Class Meeting	8:30 - 8:45	Sanford Harmony, Mind Up
English Language Arts & Math	8:45 - 9:15	Calendar (morning songs, etc.)
