The term computer system includes, but is not limited to, hardware, software, data, communication lines and devices, terminals, printers, CD-ROM devices, tape or flash drives, servers, mainframe and personal computers, tablets, cellular phones, smart telephones, the internet and other internal or external networks.

All use of the Division’s computer system must be (1) in support of education and/or research, or (2) for legitimate school business. Use of the computer system is a privilege, not a right. The Division Superintendent shall establish administrative procedures, for the School Board’s approval, containing the appropriate uses, ethics and protocol for the computer system. The procedures shall include:

(1) a prohibition against use by Division employees and students of the division’s computer equipment and communications services for sending, receiving, viewing or downloading illegal material via the internet;

(2) provisions, including the selection and operation of a technology protection measure for the division’s computers having Internet access to filter or block Internet access through such computers, that seek to prevent access to:

(3) provisions establishing that the technology protection measure is enforced during any use of the Division’s computers;

(4) provisions establishing that all usage of the computer system may be monitored;

(5) provisions designed to educate students and employees about appropriate online behavior, including interacting with students and other individuals on social networking websites, blogs, in chat rooms, and cyberbullying awareness and response;

(6) provisions designed to prevent unauthorized online access by minors, including “hacking” and other unlawful online activities.

(7) provisions prohibiting the unauthorized disclosure, use, and dissemination of photographs and/or personal information of or regarding minors; and
(8) a component of internet safety for students that is integrated in the Division’s instructional program.

Use of the School Division’s computer system shall be consistent with the educational or instructional mission or administrative function of the Division as well as the varied instructional needs, learning styles, abilities and developmental levels of students.

The Division’s computer system is not a public forum.

Each teacher, administrator, student and parent/guardian of each student shall sign the Acceptable Computer System Use Agreement, GAB-E1/IIBEA-E2, before using the Division’s computer system. The failure of any student, teacher or administrator to follow the terms of the Agreement, this policy or accompanying regulation may result in loss of computer system privileges, disciplinary action, and/or appropriate legal action.

The School Board is not responsible for any information that may be lost, damaged or unavailable when using the computer system or for any information retrieved via the Internet. Furthermore, the School Board will not be responsible for any unauthorized charges or fees resulting from access to the computer system.

The School Board will review, amend if necessary, and approve this policy every two years.
