A Partnership in Responsibility

Administrators, Parents, School Board, Students, Superintendent, Teachers

2018-2019 School Year

Dear Parents and Guardians:

Welcome to the 2018-19 school year. I trust your child is looking forward to the start of a new year and is ready to learn alongside new classmates and friends.

In Caroline County Public Schools, the partnership between parents and schools is key to providing each child a successful school experience. We appreciate you working with us by encouraging your child to do their part to maintain a positive school environment – one that inspires student achievement and social responsibility. An invaluable resource in that regard is Caroline County Public Schools' (CCPS) **2018-2019 Code of Student Conduct**.

This important booklet contains information about the division's expectations regarding behavior and conduct in the classroom and at all school-related activities. The **Code of Student Conduct** serves as a guide to ensure our schools continue to offer every student a safe and productive environment.

I ask that each of you take the time to review and discuss the importance of the **Code of Student Conduct** with your child. Understanding these important requirements and guidelines and committing to following them is the first step toward student success. After you have this discussion with them, please sign, date, and return the Parent Acknowledgement Form to your child's school by *Wednesday August 22, 2018*.

For your convenience, the **Code of Student Conduct** is also available on www.ccps.us. To access it, select the category "Parents and Students" on the home page.

Thank you for partnering with us in efforts to provide every child a safe, innovative, and welcoming place in which to learn each day.

G. Victor Hellman, Jr., Ed.D.

Interim Superintendent

CODE OF STUDENT CONDUCT OVERVIEW

The *Code of Student Conduct* outlines major categories of behavior and states disciplinary actions that may occur as a result of student misconduct. When enforcing the *Code of Student Conduct*, students and their property may be searched if there is reasonable suspicion that a law or school rule has been or is about to be broken. School staff may question or interview minor students regarding violations of the *Code of Student Conduct* and criminal matters without the consent or presence of parents or legal guardians. Metal detectors and other types of surveillance equipment may be used in the schools and at school activities for both random searches and where reasonable suspicion to search is present. Police dogs will be used on school property to detect the presence of weapons, drugs, and/or other contraband. Depending on the infraction, appropriate legal charges can be pressed against a student. Code of Virginia § 16.1-269.1 permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances.

Parental Responsibility and Involvement: Each parent of a student enrolled in a public school in Caroline County has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance. Please review the information from the Code of Virginia in the section entitled Parental Responsibility and Involvement Requirements. Parents are to pay all fees and charges levied against their child by the Caroline County Public Schools, including costs associated with damage to or loss of books and other school property.

Faculty/Staff Responsibilities: Teachers handle the major portion of student discipline through their system of classroom management. However, teachers will refer a student for misconduct when the situation warrants. In Caroline County, each public school has in place a referral system for student discipline. The principal is responsible for addressing the student's behavior after the teacher referral.

School Board Policies and Regulations can be accessed via our website at www.ccps.us.

DISCIPLINARY ACTION LEVELS

The following summarizes the levels of disciplinary action which shall be enforced by school personnel with students who are in violation of school rules, *Code of Student Conduct*, *School Board Bylaws, Policies, Division Regulations*, the *Discipline Guidelines*, and/or local, state, or federal laws.

Level 1 - Verbal Warning/Reprimand

The teacher/staff member will tell/remind the student not to engage in inappropriate behavior or give the student a reminder of the rule.

Level 2 - Conference

Staff members may conduct a conference with the student, parent, or both.

Level 3 - Intervention

Staff members may use one of the following interventions: **Staffing/Teaming**, school personnel and others will meet to consider student behavior and make recommendations for improvement; **Time-out**, the temporary removal of a student from class; **Restriction**, the temporary denial of the student's right to participate in designated activities; **Corrective Action Plan (CAP)**, a written agreement between the student/parent/guardian and school listing requirements for improvement; **Detention**, detaining a student for disciplinary reasons before or after school hours; **Mediation**, referral to conflict mediation; **Confiscation**, temporary possession of personal property; **Community Service**, in cooperation with parents, students may be allowed to perform community service in place of or to reduce other disciplinary consequences; and **Bus Discipline**, temporary removal or loss of bus privileges.

Level 4 - Suspension (In-School 1-5 Days) – Days off due to weather may alter dates

A student may be given In-School Suspension (ISS) for up to five days. In ISS, a student is assigned to a classroom for the day and given work to do by qualified school personnel serving as the school's ISS coordinator. Students are released from ISS only after successfully completing such work. Students are then given an excused absence for all classes missed while in ISS. Refusal to attend ISS will result in Out-of-School Suspension (OSS) until the ISS is served.

Level 5 - Short-Term Suspension - Days off due to weather may alter dates

A pupil in kindergarten through grade 3 may be suspended for not more than three (3) school days by either the school principal, any assistant principal, or, in their absence, any teacher. The school principal, assistant principal, or, in their absence, a teacher may suspend a pupil in kindergarten through grade three for more than three (3) school days but not more than ten (10) school days only in the following circumstances:

1. The student has been adjudicated delinquent or convicted of one of the offenses listed in subsection G of § 16.1-260 of the Code of Virginia;
2. The offense involves possession of a firearm, destructive device, firearm muffler, firearm silencer, or pneumatic gun on school property or at or at a school-sponsored activity;
3. The offense involves possession of a controlled substance, imitation controlled substance, or marijuana on school property or at or at a school-sponsored activity; or
4. The offense involves physical harm or credible threat of physical harm to others.

In addition, a pupil in kindergarten through grade 3 may also be suspended for more than three (3) school days if the Superintendent or Superintendent's Designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

A pupil in grades 4 through 12 may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher.

For any short-term suspension, the following procedures will be followed:

1. The student shall be apprised of the nature and facts of the alleged misconduct orally or in writing.
2. The students shall be given an opportunity to explain the circumstances of the alleged misconduct from his/her perspective.
3. The student shall be informed of the conditions of the suspension, such as required parental conference prior to return, prohibition from coming on school property and/or scheduled school activities, etc. The principal or designee will attempt to make telephone contact with the parent and will document said contacts or attempts on the student's discipline referral or on the computer.
4. The principal, assistant principal or designee shall execute a letter of suspension stating the condition of the suspension and the date that the student may return to school. Copies of the letter of suspension shall be given to the student, if possible, and mailed to the student's parent, guardian or person having control or charge of the student and to the Superintendent or his/her designee. The letter of suspension shall include:
 - a.) the duration of suspension.
 - b.) information about the availability of community-based, alternative or other educational options.
 - c.) the student's right to return to school after the suspension period.
5. The Division Superintendent or his/her designee shall review the action taken if requested in writing by the parent or student within three (3) days of the disciplinary action.
6. The parent shall be notified that the decision of the Superintendent or his/her designee is final and that no further appeal to the School Board is available.

A suspended student is not allowed on school property during the suspension, except with a parent to attend a conference or meeting. A suspended student is not allowed to participate in or attend after-school activities, such as athletic events, club meetings, dances, and the like.

Level 6 - Long-Term Suspension - Days off due to weather may alter dates

A long-term suspension may not extend beyond 45 school days unless:

3. The offense involves serious bodily injury; or
4. The Superintendent or the Superintendent's Designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

The following procedures will be followed for any long-term suspension. The Superintendent or his/her designee(s) may suspend students from school in excess of ten (10) school days after the pupil and his parent(s) or guardian have been provided written notice of the proposed action and the reasons thereof and of the right to a hearing before the Superintendent or his/her designee.

The procedure for the hearing before the Superintendent or his/her designee shall be as follows:

- a. The Superintendent or his/her designee shall determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing shall be private unless otherwise specified by the Superintendent or his/her designee.
- b. The Superintendent or his/her designee may ask for opening statements from the principal or his representative and the student or his parents(s) (or their representative) and, at the discretion of the Superintendent or his/her designee, may allow closing statements.
- c. The parties shall then present their information. Because the principal has the ultimate burden of proof, he shall present his information first. Witnesses may be questioned by the Superintendent or his/her designee and by the parties (or their representative). The Superintendent or his/her designee may, at his discretion, vary this procedure, but he shall afford full opportunity to both parties for presentation of any material or relevant information and shall afford the parties the right of cross-examination; provided, however, that the Superintendent or his/her designee may take the testimony of student witnesses outside the presence of the student, his parent(s) and their representative if the Superintendent or his/her designee determines, in his discretion, that such action is necessary to protect the student witness.
- d. The parties shall produce such additional information as the Superintendent or his/her designee may deem necessary. The Superintendent or his/her designee shall be the judge of the relevancy and materiality of the information.
- e. Exhibits offered by the parties may be received by the Superintendent or his/her designee and, when so received, shall be marked and made part of the record.
- f. The Superintendent or his/her designee may uphold, reject or alter the recommendation.

If the Superintendent or his/her designee suspends the student, he shall send the student and parent a notice which shall include:

- a. The duration of suspension.
- b. Information concerning the availability of community-based or alternative educational programs and intervention programs;
- c. A statement that the student is eligible to return to school upon the expiration of the suspension or to attend an appropriate alternative educational program approved by the School Board during or after the suspension.
- d. In any case in which a student has been suspended by the Superintendent or his/her designee, the student and his/her parent(s), guardian, or person having control or charge of the student may appeal the decision to the full School Board.
- e. Such appeal must be in writing and must be filed with the Superintendent within five (5) calendar days of the suspension decision.
- f. Failure to file a written appeal within the specified time will constitute a waiver of the right to an appeal. The School Board will consider the appeal upon the record of the suspension hearing within thirty (30) calendar days of the appeal.
- g. In the event of an appeal, the student's parent(s) or guardian shall be provided with written notice of the School Board's decision and any change in: (1) the duration of the suspension; (2) the availability of community-based educational, training, and intervention programs; and/or (3) eligibility to return to school or attend an alternative education program.

A suspended student is not allowed on school property during the suspension, except with a parent to attend a conference or meeting. A suspended student is not allowed to participate in or attend after-school activities, such as athletic events, club meetings, dances, and the like.

 - c. The right to inspect the student's school records;

The student and his parent(s) shall also be provided with a copy of the Code of Student Conduct.

Upon written request of the student and his parents or guardian, the Superintendent may waive the hearing at this step and have the case heard directly by the School Board as provided below.

2. If the Superintendent or his/her designee(s) upholds the recommendation of expulsion, the student shall be suspended until the matter is decided by the School Board. The Superintendent or his/her designee may impose a lesser sanction.

If the principal's recommendation of expulsion is approved by the Superintendent or his/her designee(s), the student and his/her parent(s) or guardian may request a hearing before the School Board. Such request must be in writing and must be filed with the Superintendent within five (5) calendar days of the decision to uphold the principal's recommendation. Failure to file a written request within the specified time will constitute a waiver of the right to a hearing before the School Board. Upon a timely request for a hearing before the School Board, the Superintendent shall notify the student and his/her parent(s) or guardian of the time and place of the hearing.

Following the decision of the School Board, the Superintendent shall provide written notice to the student's parent(s) or guardian which shall include the following:

- a. The terms or conditions of re-admission, if any;
- b. The duration of expulsion

Witnesses may be questioned by the School Board members and by the parties (or their representative). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties the right of cross-examination provided, however, that the School Board may take the testimony of student witnesses outside the presence of the student, his/her parent(s) and their representative if the School Board determines in its discretion, that such action is necessary to protect the student witness.
- d. The parties shall produce such additional information, as the School Board may deem necessary. The School Board shall be the judge of the admissibility of any information.

BULLYING AND CYBERBULLYING

In addition to maintaining a safe environment, free of disruptions, it is important for every student and parent to know that Caroline County Public Schools is committed to providing an educational atmosphere free from harassment, intimidation, or bullying. Students who threaten to cause harm or harass others will be referred to the principal or assistant principal for appropriate disciplinary action, which may include suspension and/or recommendation for long-term suspension or expulsion.

Code of Virginia §22.1-276.01 defines bullying as “any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; and is repeated over time or causes severe emotional trauma. "Bullying" includes cyber bullying. "Bullying" does not include ordinary teasing, horseplay, argument, or peer conflict.” Should a student be aware of any act of bullying committed by another student that takes place in school, on school property, at a bus stop, on a school bus, or at any school activity, he or she should immediately report this incident to the administration.

Cyberbullying is using information and communication technologies, such as cell phone text messages and pictures, internet email, social networking websites, defamatory personal websites, and defamatory online personal polling websites to support deliberate, hostile behavior intended to harm others. Any authorized or unauthorized use in school or out of school of computer software, computer networks, communication technologies, information technology, and related technologies, which disrupts or interferes with the educational process in any manner is prohibited and may result disciplinary action up to and including suspension or expulsion from school. Should a student be aware of any act of cyberbullying committed by another student that takes place in school or disrupts the educational process at school, he or she should immediately report this incident to the administration.

Understanding how emotionally painful bullying and cyberbullying can be to a child, Caroline County Public Schools’ staff remain committed to preventing this type of harmful activity during the school day and at school-related activities. There are programs in place to create a culture that embraces respect for one another.

In addition to being familiar with the school division’s policies, please review the following Virginia legal codes with your child:

Code of Virginia § 18.2-152.7:1 states, “If any person, with the intent to coerce, intimidate, or harass any person, shall use a computer or computer network to communicate obscene, vulgar, profane, lewd, lascivious, or indecent language, or make any suggestion or proposal of an obscene nature, or threaten any illegal or immoral act, he shall be guilty of a Class 1 misdemeanor.”

Code of Virginia § 18.2-60 states “A. 1. Any person who knowingly communicates, in a writing, including an electronically transmitted communication producing a visual or electronic message, a threat to kill or do bodily injury to a person, regarding that person or any member of his family, and the threat places such person in reasonable apprehension of death or bodily injury to himself or his family member, is guilty of a Class 6 felony. However, any person who violates this subsection with the intent to commit an act of terrorism as defined in § 18.2-46.4 is guilty of a Class 5 felony. 2. Any person who communicates a threat, in a writing, including an electronically transmitted communication producing a visual or electronic message, to kill or do bodily harm, (i) on the grounds or premises of any elementary, middle or secondary school property, (ii) at any elementary, middle or secondary school-sponsored event or (iii) on a school bus to any person or persons, regardless of whether the person who is the object of the threat actually receives the threat, and the threat would place the person who is the object of the threat in reasonable apprehension of death or bodily harm, is guilty of a Class 6 felony.

B. Any person who orally makes a threat to any employee of any elementary, middle or secondary school, while on a school bus, on school property or at a school-sponsored activity, to kill or to do bodily injury to such person, is guilty of a Class 1 misdemeanor.

A prosecution pursuant to this section may be either in the county, city or town in which the communication was made or received.”

CAROLINE DIVERSIFIED LEARNING CENTER

The principal, hearing officer, or School Board Discipline Committee may initiate a student’s placement at the Caroline Diversified Learning Center (CDLC) as an alternative to suspension. The CDLC is an instructional program designed to serve students who consistently demonstrate inappropriate behaviors that interfere with learning. The CDLC may be a temporary placement for any student charged with an offense relating to the laws of Virginia pursuant to Code of Virginia § 16.1-260.G. The CDLC program provides students with information and activities to develop skills necessary to make appropriate choices and understand the impact of anti-social behavior on their lives and the lives of their families and communities. The CDLC uses an online program, Odyssey Ware, to enable the student to access credit recovery and to work in a more disciplined and smaller learning environment.

Substance Abuse Intervention Program

The Substance Abuse Intervention Program is designed for students in middle and high school. The Substance Abuse Intervention Program is a five-day substance abuse education and prevention program offered by the school division tuition-free. Students are assigned to in-school suspension (ISS) to complete the program and stay current on course work.

The Substance Abuse Intervention Program may be assigned to a student as a disciplinary consequence for a first offense related to the possession, use or distribution of a controlled substance. If a student is assigned to the program as a result of a disciplinary infraction, then the student is considered to be under in-school suspension (ISS).

Disciplinary Action for Conduct Not Related to School Activities

The School Board may require any student who has been: (i) charged with an offense relating to the Commonwealth's laws, or with a violation of School Board policies on weapons, alcohol or drugs, or intentional injury to another person; (ii) found guilty, adjudicated delinquent, or not innocent of a crime which resulted in or could have resulted in injury to others, or of a crime for which the disposition ordered by a court is required to be disclosed to the Superintendent; or (iii) expelled for certain drug offenses, convictions or adjudication of delinquency to attend an alternative education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate. The School Board may impose this requirement regardless of where the crime occurred. [Code of Virginia § 22.1-277.2:1]

Parental Responsibility and Involvement Requirements

Code of Virginia, § 22.1-279.3. Parental responsibility and involvement requirements.

A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.

B. A school board shall provide opportunities for parental and community involvement in every school in the school division.

C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions.

Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.

D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.

E. In accordance with the due process procedures set forth in this article and the guidelines required by § 22.1-279.6, the school principal may notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or designee determines that readmission, without parent conference, is appropriate for the student.

G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:

1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or

2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G 2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

4) Upon the fifteenth unexcused absence:

- Following the conference for noncompliance with the school attendance improvement plan, all documentation related to the student’s school attendance will be forwarded by the principal or designee to the Student Support Coordinator. The Student Support Coordinator will use the available documentation to ascertain the reasons for the noncompliance with the school attendance improvement plan in order to make a determination as to whether the parent/guardian, the student, or both bears primary responsibility for the continued failure to follow the plan.

The Student Support Coordinator will then determine an appropriate course of action as permitted under the law.

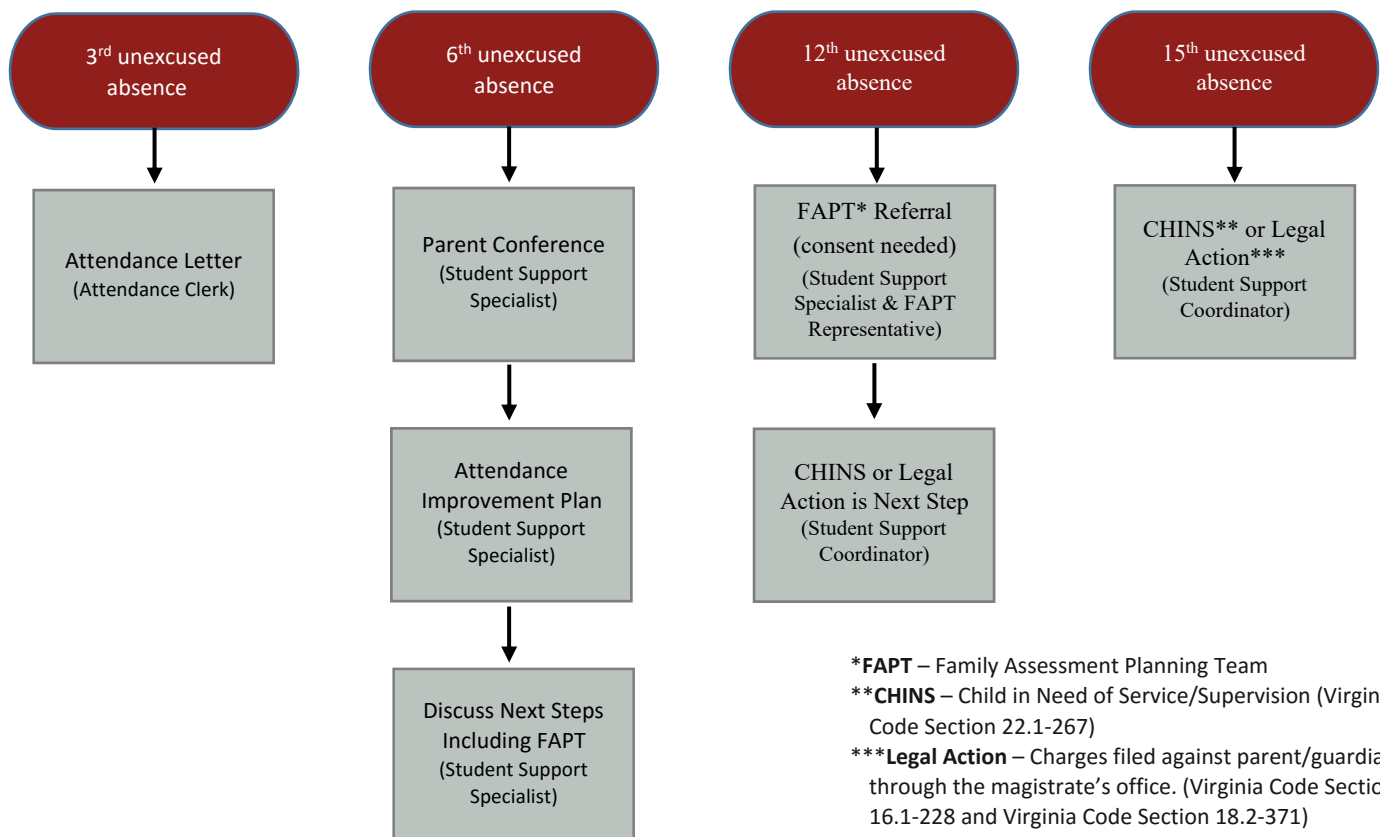

Excessive Excused Absences:

- Upon the tenth absence that is excused by the parent without third party documentation (doctor, dentist, therapist, funeral director, etc.), a documented reasonable effort of personal contact by the principal or designee, either by telephone, email, postal mail, school conference, or home visit, will be made.
- A copy of the student’s attendance record will be provided to the parent or guardian as well as a copy of the Caroline County Public School’s attendance policy.
- The student’s attendance record and information about the Caroline County Public School’s attendance policy is provided in order to make a parent or guardian clearly aware of their responsibility under the law.
- The principal or designee will require that any subsequent absences will need third party documentation in order to be excused.

Family Travel:

- Request for family travel must be submitted to the principal or designee (7) seven days prior to trip for these absences to be approved.
- Principals may place requirements upon students to complete missed assignments before such absences will be excused.

Definition

The federal McKinney-Vento Act guarantees school enrollment for anyone who, due to a lack of housing, does not have a fixed, regular, and adequate nighttime residence. Such children and youth may live:

- In an emergency shelter or transitional housing,
- In a motel, hotel, or campground due to the lack of an adequate alternative,
- In a car, park, public place, bus or train station, or abandoned building,
- Doubled up with relatives or friends due to loss of housing or economic hardship,
- In these conditions and be a migratory child or youth, or
- In these conditions and be a youth not accompanied by a parent or guardian.

Children and youth living in these settings may meet the McKinney-Vento definition of homelessness and have additional educational rights.

What Families Experiencing Homelessness Need To Know

- The McKinney-Vento Homeless Assistance Act requires immediate enrollment of these students.
- You do not need a permanent address to enroll your child in school.
- Children and youth experiencing homelessness can stay in their school of origin or enroll in any public school that students living in the same attendance zone are eligible to attend, whichever circumstance proves to be in the student’s best interest.

The presence of such media will result in disciplinary action.

Sound

- Some files may be stored on the Chromebook’s hard drive.
- Students should always remember to save frequently when working on digital media.

Using Your Chromebook Outside of School

Students are encouraged to use their Chromebooks at home and other locations outside of school. A WiFi Internet connection will be required for the majority of Chromebook use; however, some applications, such as Google Docs, can be used while not connected to the Internet. Students are bound by the CCPS Code of Conduct and Acceptable Use Policy, whether using the Chromebook at school or outside of school.

Operating System and Security

Students may not use or install any operating system on their Chromebook other than the current version of ChromeOS that is supported and managed by the school division.

Updates

The Chromebook operating system, ChromeOS, updates itself automatically. Students do not need to manually update their Chromebooks.

Virus Protection

- Chromebooks use the principle of “defense in depth” to provide multiple layers of protection against viruses and malware, including data encryption and verified boot.
- There is no need for additional virus protection.

Content Filter and Theft Protection

Content Filtering

The school division utilizes an Internet content filter called Lightspeed that is in compliance with the federally mandated Children’s Internet Protection Act (CIPA). All Chromebooks, regardless of physical location (in or out of school), will have all Internet activity protected and monitored by the school division. If an educationally valuable site is blocked, students should contact their teachers or the media center staff to request the site be unblocked.

Theft Protection

If a Chromebook is stolen, CCPS has the ability to remotely render the device unusable. The Chromebook will then display a message that the Chromebook has been disabled along with contact information for returning the device to the CCPS central office.

No Expectation of Privacy

Students have no expectation of confidentiality or privacy with respect to any usage of a Chromebook, regardless of whether that use is for school division related or personal purposes, other than as specifically provided by law. The school division may, without prior notice or consent, log, supervise, access, view, and monitor use of student Chromebooks at any time for any reason related to the operation of the school division. By using a Chromebook, students agree to such access, monitoring, and recording of their use.

Monitoring Software

Teachers, school administrators, and the technology department staff use monitoring software that allows them to view the screens and activity on student Chromebooks.

Appropriate Uses and Digital Citizenship

The Chromebooks should be used for educational purposes, and students are to adhere to the CCPS Digital Citizenship Agreement at all times. Failure to use Chromebooks for educational purposes and/or to abide by the Digital Citizenship Agreement will result in the student's return of his/her school issued Chromebook and termination of his/her privilege of using a loaner Chromebook.
