What is Rachel's Challenge?

Rachel's Challenge exists to equip individuals to replace acts of violence, bullying, discrimination and negative activity with acts of respect, kindness and compassion.

The program is dedicated to the memory of Rachel Scott, the first student killed in the tragic shootings at Columbine High School in 1999. Hailed as one of the most powerful intervention programs ever shared in public schools, Rachel's Challenge provides a stunning and inspiring story that holds the power to transform lives.

More than 23 million people have heard Rachel's story in live settings around the world. It is reported that, as a result, at least eight school shootings have been prevented and more than 500 suicides have been averted.
